Meeting Notes

Elk Grove USD Presentation

Steve Mate and his team are focused on asset management of student devices. One 2 one manager has been a really great resource for Chromebook management. Every student received a Chromebook, and now that the district is getting ready to come back in concurrent model, they need to be aware more than ever of what is going on with devices. Anyone that is coming back in person has to have a Chromebook, as well as every student that will be doing testing. Mate's team has seen an incredible amount of damage, about 10 to 15%. The one 2 one manager has been really helpful in tracking devices that need repairs, where the device is, how many times and who has logged into it and more.

one 2 one was being offered through Acer. Elk Grove pay around \$30,000 annually for the asset management. The district has about 70,000 devices.

Round table updates for 2021:

Schools are going back. Who is one to one, who is not? Different districts have various plans for being back in person. Some students will be bringing their devices back and forth, others will leave theirs on site or at home. The amount of time/days that students will be back in person also varies from district to district.

Some sites using carts while others not. Dry Creek will back in person 100% on April 12th. Trying to plan ahead now as they will be needing carts.

Bob Lyons announced that he will be back at Sac City permanently.

Jerry Jones – Accessibility, who is in charge at each district? It seems like this will be a challenge again this year. SCOE is already preparing and is curious about who will be responsible at the district level. None of the districts

present have a person who has this included in their job description. But most have one person who takes care of this more than others.

Pricing for Promethean from Jerry Jones:

Promethean ActivPanel v7 Titanium 70" 4K \$2,749

Promethean ActivPanel v7 Titanium 75" 4K \$2,999

Promethean ActivPanel v7 Titanium 86" 4K \$4,599

Next Meetings:

May 14, 2021 – Galt Elementary

2021-2022 SCHOOL YEAR:

Friday's 12-2pm

September 10, 2021 – Jerry Jones (SCOE)

October 8, 2021 – Bryan Wilke (Dry Creek)

January 21, 2022 – Bob Lyons (Sac City)

March 11, 2022 – Steve Mate (Elk Grove)

May 13, 2022 – Edith Holbert (Lodi)
