

Sacramento Public Information Officers/Communication Directors

**Thursday, April 21, 2022
12pm-2pm**

Zoom Meeting

Meeting Notes

Round Table Sharing

Elk Grove (Xanthi Soriano) – Currently working on Internal Communications plan. District is really good at communicating with parents, but internal communication has not been the best. Includes a diversity equity inclusion statement. This broadens their plan from classified staff to everyone and takes it beyond the classroom.

SCOE (Tim Herrera) – May 9th dedicating new community school. Will be working with SECC to capture the ceremony. Senior Extension Program has really expanded and on June 2nd there will be a combined graduation with community school. Friday, April 29th, will be announcing SCOE Teacher of the Year.

Galt Elementary (Jennifer Collier) – Having fun with expanded learning. Looking at hiring to open programs at four schools. Will provide families with free care until 6pm and 30 days over the summer next year. Looking to create smaller at home video kits that can be used by students.

Natomas (Lisset Mijares) – Working with SECC to capture Summit at Leroy Green Academy. Building calendar with positive stories from families and after school programs to help share the positive as well as the normal day to day. Graduations and Promotions will be livestreamed. Promotions will be at High Schools and Graduations will be at Golden One.

San Juan (Elizabeth Zelidon) – May 5th, Spirit of San Juan Event. 5 different bond projects. A lot of big projects going on and preparing for the end of the year.

Robla (Heather McGowan) – Focusing on marketing schools. Going to be launching new student and employee recognition program. Staff can nominate students and fellow staff. Working with local businesses to post winner posters to celebrate within the community and hopefully help spread word to the community of how great schools are. Will be doing a Asian/Pacific Islander Parent Empowerment Dinner for the first time in May.

Folsom Cordova (Angela Griffin Ankhelyi) – Want to get back to storytelling and not just reactive communication. The district has noticed having events online has increased attendance so trying to find the balance. Several events coming up including Employee Recognition which will be a park picnic. This will allow the opportunity to be more relaxed and let everyone visit with each other. May 11th will be a Internet Safety event, SECC will be capturing. This Saturday is Kid's Day in the Park. Free day for families, especially with small children. District will have a large presence. Provide free health screenings for students. Big initiatives at the moment are attendance and hiring.

SECC Update:

[SEVA Award Night Celebration](#)
